

**MATH Summer Assignment FOR STUDENTS ENTERING 7<sup>TH</sup> GRADE.**

[Deborah.foster@asfg.edu.mx](mailto:Deborah.foster@asfg.edu.mx) – email -7<sup>th</sup> grade teacher

You will be assigned several Khan Academy Unit Tests. **If you can complete the test with a score of 80% or better, then you will be considered proficient and will not need to redo them.**

If your score is below 80% then you will need to review the questions that you missed by watching the video for the lesson or seeing the worked out answer. ***(To do this, click “get help” when you get the question wrong.)***

Once you have practiced or watched the video explanations of those topics, then please REDO THE UNIT TEST until your score is ABOVE 80%.

***The Unit Test will also be assigned in your Khan Academy account, but you may click the link below.***

*Click on the links below to see how many questions there are and how long each test should take.*  
There are 4Unit test:

**Get ready for negative number operations**
